

Learning outside of the classroom is integral to life at Cambrai for our children. Our grounds are a resource which are a key asset of our school, which impacts so positively on our curriculum. The Wild Passport scheme of learning has been organised to develop a coherent route through knowledge and skill acquisition in 5 key aspects of outdoor education – in turn providing an excellent bedrock for the personal development of our children. The reception statements are not part of the Wild Passport programme, but are important learning points in preparation for 'Beginner' level.
