

*Dear families,*

### **Parents evening follow up!**

We would all just like to say a massive thank you for coming to your child's parent's evening yesterday- it's great to be able to welcome parents and carers back in to our school! We would just like to ask that if you could please return your child's interim report with your comments on, which we will then photocopy and give you a copy back.

### **Ukraine collections**

As a school we are really looking to help in any way possible the situation that is currently occurring in Ukraine. We are aware of a local collection that have been asking for donations but they are now overwhelmed and have – for the moment- asked for no more donations. However, there is another drop off point that has been organised by a parent from a local Scout's group.

The school will welcome any donations from the list below by the end of the school day on Thursday 10<sup>th</sup> March 2022 and we will arrange for this to be dropped off.

- Duvets
- Blankets
- Sleeping bags
- Nappies
- Baby wipes
- Sanitary products
- All types of medical equipment/over the counter medicines, paracetamol, bandages, plasters, calpol etc
- Batteries and power banks/

We are not currently collecting clothes or food as the embassy are currently asking for the above items as high priority. If things can be pre packed into boxes it would be very helpful.

Once collected locally they will be transporting goods to Hogg Global Logistics who will cover all the transport and customs paperwork.

Many thanks!

Mrs Monaher
