

This survey was completed by 17 parents. This equates to approx. 40% of home learning families. It was completed between 8-10/02/2021.

Do you feel, on the whole, that your child has experienced a good offer from Cambrai during the 2021 school 'closures'?

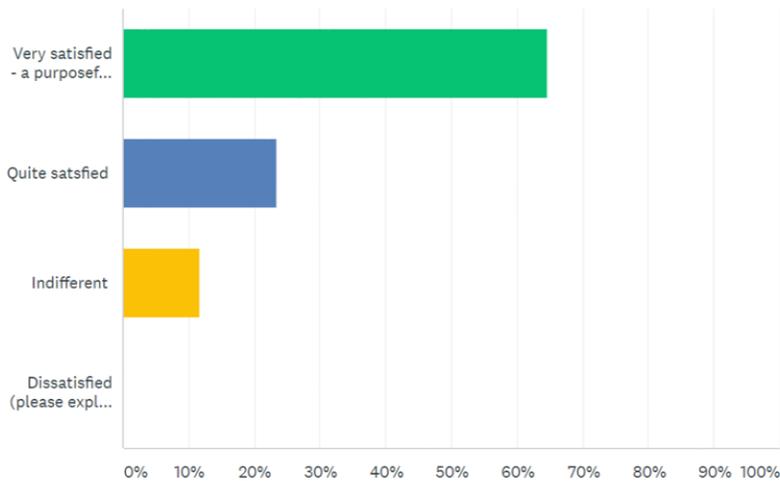

Answered: 17 Skipped: 0

16 out of 17 rated this question as high, or very high quality.

How satisfied are you with the volume of remote work that is set?

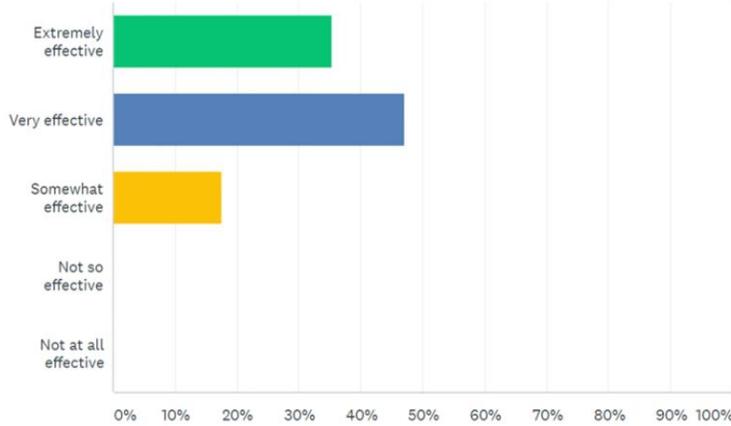

Answered: 17 Skipped: 0

15 out of 17 rated this question as quite satisfied, or very satisfied.

How effective do you find the online reading platform, Phonics Bug?

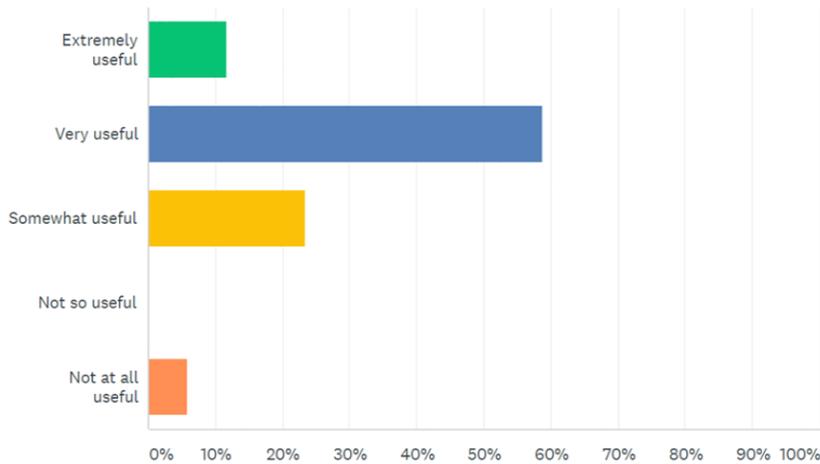

Answered: 17 Skipped: 0

All respondents felt that platform was effective, to varying degrees. When families have contacted us with individual issues, we have provided a bank of 'hard copies' for home.

How useful have you found the 'check in' phonecalls?

Answered: 17 Skipped: 0

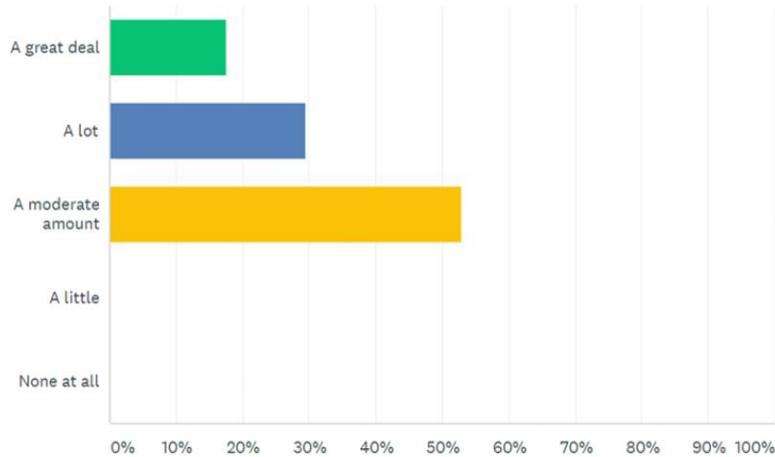

16 out of 17 families felt the regular calls have been useful to some degree.

We do not know why one family did not find these useful – no narrative offered.

How well do you feel that your child is learning at home?

Answered: 17 Skipped: 0

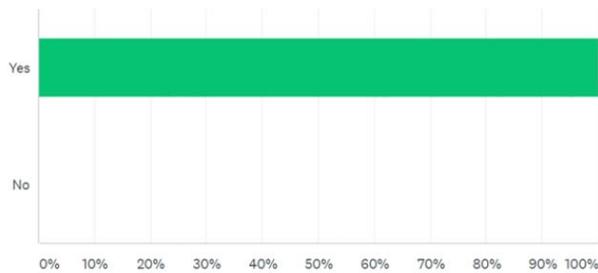

Despite high levels of satisfaction with our offer, families are still less confident regarding how much children are actually 'learning'.

This will be assessed upon children's return – in line with ongoing assessments remotely.

As a school, we decided not to have 'live lessons' where children MUST be logged on at specific times for certain lessons - as we recognised that this may be difficult for lots of families to juggle, with small children. Our approach aims to give families flexibility. Do you agree with our approach?

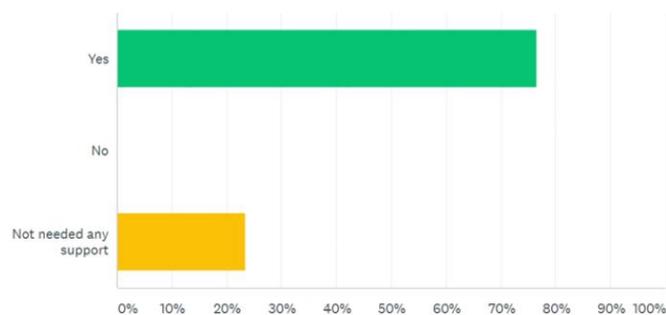

Answered: 17 Skipped: 0

We are delighted that our families support this decision taken.

Have you felt supported by us, if you've needed us? (Please let us know some specific examples in the comments boxes at the end of the survey, if you need to).

Answered: 17 Skipped: 0

This positivity is shared in the comments section, below.

Our school has some of the highest engagement from families in our Trust! Why do you think that is? What is working well / what do you like about our offer?

<p>Your consistent with offering the children a set time to see their friends and teachers. You interact with the students that aren't able to attend the school, through reading them a book or the 2.30 calls. Your setting doable work and not putting pressure on parents or students</p>	<p>The relationship between school and home in Cambrai is incredible. The daily stories and activity demos which bring the children's teachers into the home help to keep that connection. Seesaw and the reading platform work really well and the daily feedback is very helpful and motivating for both myself and my child. There is no substitute for face to face teaching and interaction with peers but in these socially distanced times I feel our home learning experience is as good as it can get. Want to say a special thank you to the teachers for all the work they are doing to make sure no child is left behind whether at home or in school.</p>	<p>Zoom meetings have helped</p>
<p>I am grateful to have work sent home this lockdown - the last lockdown I spent a huge amount of money on workbooks and resources to keep my child busy and on track.</p>	<p>I think there is a nice amount of work-enough but not so much it is not manageable along side home working. The teachers clearly put in a lot of effort with the content and we really appreciate it 😊</p>	
<p>The work set and the variety is fantastic. The staff are working incredibly hard to juggle the home learning side as well as the normal day to day teaching in the classroom. I strongly agree with the flexible approach rather than live lessons, this has been ideal for us as a working family. We have been made to still feel a part of the school family through daily zooms, interaction on seesaw and phone calls. We would like to thank you all for everything you have done and continue to do. We are extremely happy with our choice of school, team Cambrai are simply the best!</p>	<p>Staff have been very helpful, they are friendly and approachable and have worked hard to provide the best education that they could during this situation.</p>	<p>This is my child's first year at school, as parents we want their learning to be as effective as possible. While we as a nation are experiencing such difficult times Cambrai have offered extensive amounts of support, both practical and personally. Even though our child isn't physically in school, Cambrai have offered us flexibility and immense amounts of support. The staff truly care about each and every pupil and as parents we are absolutely bowled over by the love, care, time, effort and support we have received as a family. Thank you Cambrai for making school (both physically and remotely) one big family</p>
	<p>Think you offer us as families warmth good support and teaching and happy to listen to any concerns we may have</p>	
	<p>I think that the fact you leave us to complete the tasks ourselves at our own pace is brilliant and allows families on the need to reach out when needed. I also believe that we have fantastic staff to help us</p>	

What do you think that we could improve or change?

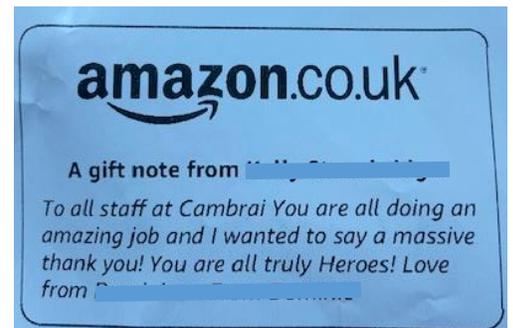

<p>Maybe more little classroom teaching videos?</p>	<p>The sound levels on some of the story videos have been really low on occasions and difficult to amplify enough to provide an engaging experience for an easily distracted 4yr old.</p>	<p>Would be good if activities such as reading and zoom from previous days could be taken down. Them staying up makes it seem like there is a bit of an overwhelming amount of activities some days</p>
--	--	--

Some of the work could be pitched according to the child's capabilities. My child has been a bit bored with some of the work because it has been very easy for her. She would benefit from work that would stretch her.	Nothing	Nothing at all! The way you have dealt with this completely unprecedented situation has been superb!
	All good!	
Nothing	Sometimes the seasaw app can be hard to us. Especially if you cannot print thing out. (NB: School - It is designed not to print things out?)	Nothing. I think you are all doing amazing job under these strange situations

Other Parental Comments

We also asked parents to email any comments which they wished to share during this time... We have had no negative comments sent. A summary is below:

- "We appreciate you starting the service so much and can't thank you enough (The Nest"
- "it (Cambrai really is amazing and XXX absolutely loves it and the progress he has made from September is incredible"
- "we have been blown away by the work that is provided"
- "Yet again Cambrai teachers are going above and beyond our expectations!"
- "As always the teachers and other staff are all so friendly and happy despite everything going on in the world at present! We never have any negative comments regarding Cambrai but particularly at the moment, we think you're all phenomenal!"
- "Your plans sound fabulous! Thank you to you and all the Team for their hard work putting this together, especially at such short notice."

Our School at the Moment in Three Words?

(The larger the word, the more times it was mentioned)

Action Planning

Issue Identified	Action	By Who	By When
Home printing?	Reinforce via email that no activities require printing – this is the USP of see-saw and why it was chosen. Share see-saw tutorial videos / resources	MD	Thurs 11 th February
Old activities taken down?	Communicate with teachers that all activities to be taken down after one day, unless there is good reason. Share with parents that by submitting a response, that activities 'go'.	MD	Thurs 11 th February
Sound Levels	Ensure staff check recordings prior to sending	MD	Thurs 11 th February
Stretch and Challenge?	This parent also felt their child 'learned a lot' during this time. Communicate with parents regarding staff teaching online and in class. They are effectively doing two jobs at the moment and leaders must be aware of staff workload. However, staff need to be aware of open ended tasks to allow children to be extended. Re-share with parents the additional learning links to support additional and optional learning.	MD SG / SM	Thurs 11 th February
More Classroom Teaching Videos	Communicate with parents regarding staff teaching online and in class. They are effectively doing two jobs at the moment and leaders must be aware of staff workload	MD	Thurs 11 th February
Sharing Outcomes	Upload to school website and social media	MD	Thurs 11 th February
